This portable, handheld vacuum cleaner is optimized for quick pickups of wet, chunky messes, including cereal and pet food spills, mud, and more. Use the spillbuster on carpet, rugs, upholstery and other surfaces throughout your home. It's a subtle difference, but a lot of hardcore minibike guys can spot the newer square style blower housing from 50 feet. (Heck some guys can even spot the 1968 HS40 blower housing with no "line" below the three head bolt attachments, and no startter mount casting on the front of the case!) Left: HS40 pre-1973 rounded blower housing. Therefore, it is recommended to select the motor which has 30%-50% larger torque than the actual needs, because the stepper motor cannot rotate under overload, or causing losing step even if it overloads just one second. More seriously, the stalling or repeated and irregular motioning on the spot will be caused.
